Hopewell Valley Education Foundation Supports the HVRSD Referendum

The Hopewell Valley Education Foundation (HVEF) supports the upcoming school referendum, recognizing that investing in our schools is an investment in the future of our entire community. Strong schools help build strong communities — they attract families, strengthen property values, and foster a shared sense of pride and purpose. Hopewell Valley schools have a long-standing tradition of excellence, not only in academics but in shaping well-rounded individuals who contribute positively to society.

The 2025 referendum provides an opportunity for the district to address a wide range of facility needs across our schools. If approved, it will allow for the construction of new learning spaces, the renovation of outdated infrastructure, and the safe relocation of classrooms to better serve students and staff. These updates are essential to support modern educational practices, improve safety and accessibility, and create more efficient, welcoming environments for learning.

The Hopewell Valley Education Foundation is a not-for-profit organization that enhances the educational experience of all Hopewell Valley public school students by funding innovative teacher and staff-initiated grants across all curricular areas and all grade levels. Donations to HVEF come from a variety of sources including corporate and community partners, individual donors, and our annual fundraisers including The Power of 100, the Book Lovers' Luncheon, and the Above & Beyond Celebration and Awards Dinner which honors each year's Governor's Award Recipients in the district.
